

The Cosmic Spiritual Hierarchy transmits CLARITY regarding monumental activities.

The belief in two powers is collapsing – bringing to an end duality consciousness

The Cosmic Spiritual Hierarchy are here to help *you* empower yourself in supporting the full awakening of your own Divinity, by understanding the Great Laws of our Universe and receiving the Sacred Flames, Cosmic Light and Miracle Love. Every Cosmic Being knows all the activities of the **Sacred Fire** (that knows only perfection and is the electronic force) and is the greatest Power in the Universe, where **LIGHT** and magnetic belts of **LOVE** are drawn.

Life inside your heart knows more than the intellect that civilization as it now exists is collapsing - bringing an awakening and the beginning of a new civilization by 2013.

In terms of a Cosmic Divine Plan that begins to operate soon, you are only months away from the beginning of the end of the world consciousness of duality.

Jesus Christ said to you long ago, "I AM with you until the end of the world and beyond...." and he and others have come and have been very clear with you; the end of the world is NOT the end of the physical octave of Earth and it is NOT the end of the third dimension.

It is the **beginning of the end** of ALL discord within the civilization of man, opening the way for the civilization of your true glorious nature - **Christ Consciousness**, to come forth upon this planet, opening the way for the Seventh Golden Age to be fulfilled.

On the path of awakening you have been compromised in your ability to receive the Light

of the Christ, as the love registered in your minds, feelings, bodies and world, is cloaked in duality consciousness. If the Light of the Father (the Christ) is to come into you and grow, the Divine Mother's Love - **AKASHA** (the heart and Soul) **MUST** be there, to receive the Light of the Father. If the Love of the Mother is not there to receive the Light, you can only receive so much Light.

Christ consciousness is a state of consciousness and is the absolute unified mind and heart of an individual being, in which there is no shadow – zero conflict within that being and all forces of omniscience, omnipotence and omnipresence come together individualized as that person.

Over the many years beyond 2012, those of you who are standing and facing the Light and doing the best you can, will be **SO** raised through your own Resurrection, as Jesus was raised through his Resurrection and will be armed with **powers that no human condition** can raise its hand against.

On May 21st 2012 a gateway/portal begins to open between your octave and the greater stratospheres of your Earth. By May 26th 2012, that gateway will be fully open, **POURING** forth key activities of the **Sacred Fire** from the 5th and greater dimensions of your **own** planet.

Saint Germain's Violet Consuming Flames of Love, Mercy and Forgiveness will act upon the atmosphere of Earth and your planet and the feeling side of human kind.

The **Cosmic Christ Blue Flames** of **Archangel Michael** will pour greater Purity and Protection around those and that which has stood for the Light.

The **Golden Flames** of **ALL Christ** Illumination will provide a greater Light in the minds of those yet frozen in the mass consciousness of the people and finally;

The **Supreme Divine Mother** of the Universe, **AKASHA**, will pour forth her own **Rose Pink Flames of Divine Love, Will and Grace**.

It is the great pouring of these four Mighty Flames from all the Ascended Master Temples that prepares the Earth with so much Love, Mercy and Forgiveness.

Once the gateway/portal is fully opened by 26th May 2012, the Sacred Fire that is blazing into your atmosphere of Earth and into the feeling side of human kind, the powers of nature, the forces of the elements and the structure of the Earth, will then assist **ALL** life on Earth to assimilate some of the great outpouring of Light, in which the **Light of the Father** and the **Love of the Mother** shall **POUR** into the 3rd dimension, bringing such a Blessing and raising activity.

These are the final days in which Heaven and Earth meet each other. On December 21st 2012 the portal closes and as much of the Sacred Fire and the Great Light Rays of the Father and the Great Magnetic Love currents of the Mother, that the Earth, her nature and her people could possibly sustain, will have been given. The portal closes on the 21st December and on 22nd December 2012 an **historical event occurs**.

This event happens to be timed with what is termed the ancient Mayan calendar, in which 21st December 2012 is known by the ancient Mayan Elders as the last day in which time is recorded.

This is the end of the world of the consciousness of man (duality). It will not take too long into your future, whether it be 2013 or in 2015 and 2016, that by ALL the tremendous changes upon your planet, including new Leagues of Nations being formed and sciences watching the new structure of how your Earth has formed a new relationship and successfully shifted upon her poles, it will not be long before your Scientists will construct a new calendar, just as the calendar you presently use was constructed

some time after the Ascension of Jesus, because on December 22nd 2012, the **most historical relationship between a star, a sun and that one's planets, unfolds for your Earth...**

Planet Earth (Gaia) is a living, breathing Being and in her own inner wisdom began a gradual shifting of her axis in April 2011. She hasn't moved for tens of thousands of years as she ought to have, for she adjusts and shifts her axis, supporting a higher vibration and frequency of Light to be measured within the planet and the increased Light held and generated by the people. This is a natural way of Life.

She desires not to wait until 2012, as the compacting of time for this great shift can be troublesome, due to the tremendous discord that has penetrated her gas belts, powers of Nature, forces of the elements, atmosphere and inner structure. This human discord doesn't allow her to make the shift quickly, without catastrophic impact upon the surface of the planet, which would otherwise be a smooth transition.

When a planet shifts her axis everything changes, bringing moderation and removing extremes. The primary reason for this major transition is to fulfil her own destiny and assist all Life into a higher frequency of Light, adjusting to the Christ consciousness coming to the Earth.

Every planet that hosts an intelligent species is equipped to giving them everything required and every planet in its evolution shifts its axis, supporting the evolution of the intelligence living upon it. Mother Earth **now** desires to hear you say "**I AM willing to make this shift with you**".

You are all **The I AM Race, I AM Creator Beings** and **Flames** individualized from **The Great Central Sun**.

There is the **infinite I AM Presence** (that mankind calls God) **the individualized I AM Presence** (that each of you are) and the

impersonal I AM that is embedded in every particle of life Universal.

You are the individualised **I AM**. You are the personal I AM.

The impersonal I AM is the very fabric of Life that unites all particularization that ether, air, fire, water and earth comes together and unites, allowing you substance, of which physical garments and a world of objects and the powers of nature and the forces of the elements can unfold. That unfoldment depends upon the impersonal I AM that is in every particle of Life.

The **personal I AM** - the individual I AM that each of you are, are given to be the directors of how your Life, your Light, your Love will unfold.

The impersonal I AM, of which there are billions of particles in the atmosphere of even your homes, are created to respond. They respond **only** to that which knows itself and knows itself well!

The impersonal I AM is charged to **perfectly respond** to an **I AM** thinking Being.

Your planet Earth has suffered for an extremely long time. There are very few and there have been very few intelligent God-realised, God actualised I AM Beings, able to stand before the powers of nature and the forces of the elements, to walk upon water, to carve doors within sides of mountains where no door, only a moment before, existed. There are few who have found the key. There are few who have found the Holy Grail and stayed with the Holy Grail long enough to drink of the Sacred Waters of Life, to make sure that what they have discovered, they have **BECOME!** For when you have BECOME that which you have discovered, then it is your ability to **COMMAND all LIFE!**

You came to the Earth 14½ million years ago in 12 mighty streams, allowing the 12 Great Rays of

the Godhead to come onto the Earth through the human race.

The 1st House of the **I AM Race** is the Great **LIGHT** - the 2nd House of the **I AM Starseed** is the Great **LOVE**. The other 10 Houses are tremendous united activities of LIGHT and LOVE. The evolution of the I AM Race was **intended** to be age after age of continual unfoldment, each age lasting 1 million years.

At the end of the 2nd Golden age millions of years ago, you knew you were future Goddesses and Gods in this Universe. You conceived that since you had to master the experience side of Life and the act of Creation itself **because you are an I AM Creator Race**, you all made a decision of choosing to experience polarity as a teaching device.

Human beings then experienced the “*fall from Grace*” and in doing so, for millions and millions of years, entered into a deep hypnotic state of duality, whereby knowingness was set aside and perception and belief was born. The 3rd, 4th, 5th and 6th were all lesser Golden Ages and of those, only the 5th Golden Age had enough prominence to affect the future evolution of humankind.

Therefore a Divine plan was essential for a series of events that would eventually bring the human race back into its original design and begin again from where you were at the end of the 2nd Golden Age.

In authorizing a Divine Plan for another Golden Age, the **Great Divine Director** (*who is the overall authority for this system of worlds*) decreed that for this to be permitted a Great Plan was necessary, requiring **mighty** preparations.

These included calling those from the stars to set aside their **Ascended Universal Souls**, taking on human Souls from the Great Central Sun and entering into the Earth plane, teaching again the Divine way of living Life, leaving humanity a true record through **Resurrection** and **Ascension**.

COSMIC LAW decreed that once this 7th Golden Age opened, the Ascended Masters could not appear physically manifest to guide the people as they had in Ages past, because the records showed, that once the Masters left, humanity repeatedly fell back into the sleep - the hypnotic duality consciousness.

So **this** time it was decreed humanity of their own freewill must make **personal effort** to prepare and acknowledge the Ascended Masters, who ALL left records and proof of everything they had once taught. Humanity could then liberate themselves through the awakening and Resurrection, with the Spiritual Hierarchy working closely behind the scenes, assisting those Resurrected Christ Beings to usher in the new 7th Golden Age.

As more step into their full Christ consciousness, the Masters will begin to appear on Earth, working alongside the Untouchables.

For 70,000 years Sanat Kumara from your sister planet Venus, worked alongside the higher discerning intelligence (*Christ mind*) of many of you, planning and preparing this Divine Plan to place ALL humankind and the evolution of the planet back on track. Former Golden Ages (*except the first two*) had only 3 to 7,000 years of preparation.

This 7th Golden Age opens its doors wide in 2012. Between May 26th and December 21st 2012, there hasn't been a period of time as long as this for 12½ million years, a mighty portal/gateway between your octave and the greater stratospheres of your planet is fully open. This will amplify **1,000's** of times more, Divine intervention, colossal and luminous Rays of Light and Love pouring to the Earth.

The **Sacred Fire** will be projected onto your planet to **minimize certain events**, ensuring intervention that supports your awakening, Resurrection and ultimate Ascension.

For thousands of years there have been various visionaries and prophets trying to interpret revelations best they could, through the filter of human consciousness, because they were not **raised** into their full **Christ Consciousness** as Jesus was.

There is also confusion within some spiritual movements and the "new age" community and fear within the masses, stirred by various religious beliefs, **all** resulting in millions of people believing in one thing and millions of people believing in another thing, many also unaware of the Divine intervention that has come onto the planet **after** many prophecies have been given.

The **Ascended Jesus Christ Emmanuel** spoke of this time and of those who would come onto the Earth and like him, would awaken, enter into the Resurrection by applying Universal Spiritual principles and become Illumined Christ Beings, in which the power of God/Creator itself would express through them, as it expressed so perfectly through him.

Unfortunately man-made religion made the error of personalizing Jesus the Christ, which has resulted in deliberate distortion of truth and completely mis-understanding the very clear messages Jesus gave in those days. His messages were to bring you all out of the darkness that had been created and back into the glorious **I AM Beings** that you truly are.

The **CHRIST** is the Mind of the Divine Father individualized (**LIGHT**). The **SOUL** is the womb of the Divine Mother individualized (**HEART-LOVE**) creating **LIFE**.

No Resurrection or Ascension is ever complete without the **Great Love** - The Mother's Heart *the Rose Pink Ray* of Beloved **AKASHA**.

It is one thing to be strengthened to hold the **LIGHT** but it is an **entirely** different thing to be strengthened to hold the **LOVE**, not human love

that can be pretended, but **Divine LOVE** that **never registers discord** and has been denied and made absent from this planet for **12½ million years**.

One of the most disturbing and major misunderstandings within spirituality is the reference to “the records of the past” as being the Akashic Record.

The **AKASHIC RECORD** is the Divine Plan your **I AM Presence** (*your Great Cosmic Self*) has for each of you and **ONLY** begins to unfold on completing your awakening and beginning your Resurrection.

It is the **Etheric Record** that holds the record and memory of **all** the past and **all** discord that has ever been on the earth. The Spiritual Hierarchy do not encourage you to allow anyone to access the Etheric Records of past lives or **any** events from the past, *until they have been completely purified on a Cosmic level by the Sacred Fires*, as these records **also** store the record and memory of **all** discord and darkness that has ever been upon the earth. **This is fundamental and essential information.**

AKASHA is **The Supreme Divine Mother** of the Universe, the Heart Realm of the **Great Central Sun – Creation** itself and has overall authority of the **Soul**, ensuring all are safely guided back into their Resurrection and ultimate Ascension.

Beloved Mother AKASHA transmits through Accredited Messengers **Usa** and **Excalibur** of the **Radiant Rose Academy Inc:**

“I AM AKASHA and I know the authority of the Heart and I AM the authority of the SOUL and my work on this planet is yet to really begin, because the nature of the SOUL has been eclipsed by the darkness of human beings OWN creation.

Your raising, Resurrection and becoming whole again, allowing yourself to be taken by the hand of your Divinity and raised into the fullness of your Being, finishes the great opening of your

heart and the healing of the feeling side of Life, so that each of you can face what others demonstrated before you.

The way has been shown and the records of that have been given. The demonstration of the purpose of this GREAT time ahead is the record of Ascension upon the Hill of Bethany of your Ascended Jesus Christ, which is a record NO HUMAN BEING, once that record is revealed to humankind, will **EVER** question again.

The Light is only half of you. You are not a LIGHT species or a LOVE species; you are an **I AM** species - the beautiful union of LIGHT and LOVE.

This **Greater Sacred Bond of LIFE** brings into motion invisible forces, offering you **EVERYTHING** required for the great Becoming, Resurrection and Ascension.

Your hearts are calling you to be ready for the most historical changes that are about to unfold upon this planet.

Where there is change there is often resistance, especially when that change desires to bring in greater Light and Love and much greater Hearts' Presence and that which has been **absolutely denied and made absent upon your planet**, the **SOUL** of the life-streams of this beautiful race of I AM Beings.....”

The Supreme Divine Father is found within the centre of your consciousness, where there is infinite and endless LIGHT, surrounded by the LOVE of the Mother's Presence.

The Supreme Divine Mother AKASHA is found in the very deepest chambers of every human heart.

The Holy Breath of Mother AKASHA created every individualised Soul throughout this Cosmos.

She is the **Akashic Magnetic Force**, Flower of Life Blueprint that fills all inter-stellar space, upon

which the Universe ensures constellations, galaxies and systems of worlds are held in states of absolute perfection and movement.

The **7th GOLDEN AGE** will ultimately bring about the Resurrection of the **entire I AM Race** and **Gaia**.

Over a period of time this leads to what has been greatly delayed, the **ASCENSION** of the **I AM STARSEED** and the **ASCENSION of GAIA**.

The **8th GOLDEN AGE** will eventually follow, lasting as long as Ascended humankind and their Spiritual Hierarchy choose...
